Winter Resorts. MONTEREY. Hotel Monte. Judge Trask's Daughter Victim of Veiled Woman. Battered Purse as Mrs. Brown Washed Her Hands. Bought Hard-boiled Eggs by Mistake—Unique Gravel. GAVEL A GOLD NUGGET. POR. ST. LOUIS EXHIBITION. (BY DIRECT WIRE TO THE TIMES.) TACOMA (Wash.) April 5.—(Exclusive Dispatch.) Carl M. Johannsen, United States commissioner, wired from Eagle, telling of a remarkable strike just made on the island in the middle of Yukon River, in front of Eagle. Great excitement prevails there over its peculiar richness. A shaft forty-five feet deep was sunk, and for the last thirteen feet good pay was encountered. The richest of the dirt is best told by panning. Twenty-three pans, taken in succession, netted the panthers \$1540, and no pretense was made of picking the pans.

The discovery of this rich gold strike on the island has resulted in staking all bars up and down the river from the strike. Lays are to be let on the island, and preparations are already in progress for working innumerable claims near by.

## Grosvenor Gives Democrats Hot Shot in the House.

**RURAL DELIVERY AGENTS.**  
Consideration of the Postoffice Bill has resumed, and Mr. Long moved an amendment increasing to the extent of twenty-five the number of rural free-delivery agents. He said there were but 50,000 applications for the establishment of rural-delivery routes and that the present force was totally inadequate to investigate them. The amendment was agreed to, but when action was followed by an amendment to increase the appropriation to the extent of \$55,000 in order to meet the enhanced expense. Mr. Gorman said that the matter should be

how that he took a law that had been condemned by the Democratic party and cast out as worthless, and made it the most effective weapon and engine for the suppression of unlawful and injurious trusts that man has ever dreamed could be put on the statute books."

He mentioned the President's attitude in connection with the postoffice in-

"Of course, not because she has been banished from Washington—and Benning. She is visiting her aunt, Mrs. Douglas Robinson. Asked today about her rumored exile, Miss Roosevelt said: 'Exiled, am I? Oh, what silly talk! Why, it's absurd! Did I go to seek? Yes, we drove out Saturday to see the spring hunters, steepchase. Did I bet? Oh, of course not!'"

Subcutic plague of a bad character  
is reappeared at Antofagasta, Chile.

The deservedly popular Voile weaves are assigned first  
place among the top-notchers. They will be prominent  
for the more elaborate day costumes, will figure largely  
in the fancy tailored gowns and to a certain degree for  
the walking suit. Therefore, this very sensible fabric in  
its various effects stands first and foremost in popularity  
for the coming season.

The favored colors are Gray, Champagne, Creams,  
Browns and Blues. Our assortment is well high per-  
fection, embracing, as it does, all colors and shades in plain,  
lace, grenadine, iron frame, nappé, twine and mohair  
weaves. These are shown in splendid values at from  
\$1.00 to \$2.25 the yard.

One of the very pretty effects of the season is a Lace  
Voile, 44 inches wide, to sell at \$1.50 the yard.

Another of silk and wool construction, known as the  
Grenadine Voile, is certainly a high style material; 46  
inches wide; \$2.75 the yard.

The latest French creation, Poplinette, just to hand  
and stocked. Blue, tan and gray are the colors; 46  
inches wide; \$2.25 the yard. A beautiful clinging ma-  
terial, silk and wool texture.

# INDIAN RED AND ROYAL BLUE English Dinnerware Patterns

This is something quite  
different and unusual  
from the ordinary effects  
so common. The color  
outlined with gold, and  
Japan, require five burn-  
ings and are very rich  
and brilliant. The wear-  
ing qualities are un-  
equalled. This can be  
had in separate pieces as  
well as sets, and matched  
for years to come as read-  
ily as white ware.

## Liners

[illegible][illegible]

The image is a dark, high-contrast scan of a document page, possibly a ledger or a table. It features faint vertical lines that suggest columns of data. The text is mostly illegible due to the low light and high contrast, but some faint characters and numbers are visible, particularly in the lower half of the page. The overall appearance is that of a heavily underexposed or darkened photograph of a printed document.

PASADENA Trolley runs down Postman Petrie.  
Hundred Friends Entertained at Reception by Mrs. Page and the Sisters—Burdette Lets Out His Baggage—Women Talk Politics—Green Takes Golf Cup.

PASADENA, Office of the Times, April 6.—A score of years ago, connected with local politics, and the oldest man on the staff of the Times, was yesterday afternoon near the intersection of the Fair Oaks and Main streets, where he was struck by a car. The car was driven by a woman, and the mail carrier was thrown from the car. He was taken to the hospital, and his condition is serious.

**RECEPTION.**  
Mrs. Page and the Sisters, who were entertained at a reception at the home of Mrs. Page, were the guests of honor at a reception given by the ladies of the Fair Oaks and Main streets. The reception was held at the home of Mrs. Page, and was attended by a large number of friends.

**Wonderful Piano Values.**  
An unprecedented Opportunity for thrifty buyers.  
Regular prices are out from \$75.00 to \$175.00 on account of cases being slightly damaged.  
Sample pianos—free from flaw or blemish included in this sale.

Several carloads of Pianos are to be disposed of by Geo. J. Birkel Co. at just about factory cost, and freight added.

There are two reasons for these radical price-cuts. The first—a number of sample pianos were sent the firm, from makers who were anxious to secure a responsible representative in this territory.

The second—one car of pianos, shipped without being boxed, were more or less scratched and rubbed (on the cases) while in transit—not otherwise damaged.

These pianos have got to be disposed of—even at a loss—to make room for regular stock.

The sample pianos include: one Richmond—style that would sell ordinarily for \$275—only \$225 in the sale.

Two handsome Brumback Pianos—walnut and mahogany cases—regular \$450 models—sale price \$325 each.

One large size Schubert Piano, mahogany case, worth fully \$600—sale price \$325.

Among the damaged pianos are two elegant Baus models—regular price \$400—on sale at \$325 each.

One Huntington piano—mahogany case—slightly scratched—regular \$325—value—priced at \$225 in the sale.

And there are dozens of others—some slightly damaged; others not at all—at prices that appeal to economical people.

**ANAHEIM.**  
SCHOOL BOND FIGHT.  
ANAHEIM, April 6.—The election called to vote on the question of issuing \$10,000 bonds to build a four-room schoolhouse between the present High School and grammar school buildings is much discussed on the streets. It is a well-known fact that on account of the crowded condition of the schools, additional room must be provided and at an early date. A number of voters claim this is too much money to put into a site and building, which would only add four rooms, and say they believe the proposition will be voted down, while others say it is a well-known fact that the additional room must be provided at once, and they believe the bonds will carry by a good majority.

**CATALINA ISLAND.**  
LARGE TOURIST INCREASE.  
AVALON, April 6.—The rush of the tourist season is supposed to go with the passing of March, but there is little diminution in the numbers visiting Catalina today. Today was wash day with the steamer Hermosa, when she was laid up to clean her boilers. The Warrior was to convey the passengers over, but when those brought down by the Southern Pacific were aboard it was found her carrying limit was filled, and the Falcon was called into requisition to bring the Salt Lake passengers. The increased business for March, says Manager H. L. Fletcher of Hotel Montecito, shows \$72 more passengers registering than during the same month last year, which is an increase of nearly 50 per cent. in that hotel's business.
